

Hilton Garden Inn is committed to protecting the environment we all share by identifying, training and implementing innovative approaches to environmental sustainability.

Hilton Garden Inn Indianapolis Airport Environmental Policy

Implemented Programs:

Hilton Garden Inn is committed to protecting the environment we all share by identifying, training, and implementing innovative approaches to environmental sustainability. The hotel recognizes its environmental responsibility and is committed to improving our performance toward a sustainable future while enhancing its guest and team member's experience.

Hotel Focus: Energy Efficiency, CO2 Reduction, Water Efficiency, Waste Reduction, Renewable Energy, Sustainable Buildings and Operations, Chemical Management and Purchasing.

To achieve and maintain continued growth and focus the Hilton Garden Inn Indianapolis Airport is committed to the following:

- The Executive Committee of the hotel commit and support the environmental mission and strategy sharing this commitment with all staff, community and business associates in which the hotel maintains a relationship with.
- Use all natural resources, including raw material, energy and water as efficiently as possible and to minimize the hotels's environmental foot print.
- The policy will be led by an empowered Green Committee to consist of one representative from each of the hotel's departments. This committee will meet monthly and post minutes for the staff of the hotel.
- Communicate and provide continued education to staff members. Supply the necessary tools and direction to achieve team member involvement and commitment.
- Review all suppliers, and business partners to ensure their product, services and commitment are to a sustainable environment.
- Maintain involvement and support local community environmental initiatives.
- Comply with all application local, state and federal regulations.
- The Hilton Garden Inn recognizes and embraces an annual benchmark of the hotel's annual performance, measures the hotels annual growth and develops new goals for the next fiscal year.
- Maintain a third party to monitor the progress and performance of the hotels policy.
- Communicate the hotel's achievements to team members, guest and potential customers.
